Mathewson worked out at first base before the game, but did not play, as he never performs on Sunday. McGraw, therefore, had to place Outfielders Lush there and send Snodgrass to second base. The manager played third himself. Temple and Dickson alternated in right field and the pitcher's box.

Lush was a genuine surprise at first base. He hopped around like Hal Chase and let nothing get away. This rangy youngster also did the best hitting for his and a double, scoring a run and stealing

Lush's first single and an error gave the Giants two runs in the first inning, Shontz pitching. Dickson had good speed and a deceptive slow ball, but in the second inning he was wild and passed three men, which with a trio of hits netted Dallas three runs. The Birmingham recruit, however, was not scored on in any other round. When he changed positions with Temple in the sixth inning the Giants had a lead of two runs, having scored in the fourth and fifth. A double steal by Zacher and Snodgrass and a base hit by McGraw produced the two tallies in the fifth.

Temple was welcomed noisily. An error by McGraw and three hits netted Dallas four runs, Dale rapping for two bases and Thebo getting a triple. Four more hits in the seventh, ending with Thebo's double, allowed Dallas three runs and put the Giants out of it. McGraw had nobody to relieve Temple nor an emergency hitter for the eighth and ninth innings, when New York had five men left on bases.

INTEREST IN MORAN-MURPHY MILL IN FRISCO TO-DAY.

Winner May Secure a Match With Nelson of \$10,000 for Gardner Refused.

A fight of international flavor will take place in San Francisco to-day when Owen Moran of England and Harlem Tommy Murphy of this city clash in a twenty round bout at lightweight. They will settle their differences at the Shasta A. C., which will open for the first time under the management of James W. Coffroth. Moran and Murphy are old enemies. They have mixed it up in several bouts in this city and in Boston and appear to be pretty evenly matched. Moran is undoubtedly the heavier hitter and possesses more stamina perhaps, which creates the belief that he is better fitted to go the route. Moran has been regarded as a featherweight, and only a few months ago he was ready to fight Jem Driscoll for the English title at 126 pounds, ringside. He can make that weight now, he says, but has decided to go after lightweight honors because of the chance to secure a match with Wol-

Murphy, who has an army of followers here, is extremely clever. There isn't a trick in the boxing game of which he is in ignorance. He is very fast, has plenty of courage and gamenees and enjoys fight-ing, but he lacks a punch. He has never taken part in a twenty round bout, and in 1905 Terry McGovern put him to sleep in a round. But since that unfortunate incident Murphy has improved steadily the last three innings and there was no way to avoid it, as there were no extra pitchers or pinch hitters on the bench. man, who may scale at about 130 pounds; but this advantage will doubtless be offset by Moran's experience. Two years ago Moran fought two drawn battles with Abe Attell, one of twenty-five rounds and

Joe Wagner and Johnny Daly, hard hitting bantams, will meet in a ten round bout at the Olympic A. C. in Hariem tonight. Johnny Coulon, the bantam champion, has been asked to box the winner at this club in the near future.

Unwilling to stand for dictation from the Frisco police officials Promoters Gleason and Rickard are seriously thinking of selecting one of the suburban towns for the Jeffries-Johnson fight. Coffroth's arena at Colma is locming up as a possibility. Even Sid Herter's new amphiheatre at Point Richmond, where Nelson and Wolgast fought last Tuesday, is said to be under consideration.

Jimmy Austin, the Highlanders' hustling third baseman, has signed a contract and will start for Athens, Ga., on Saturday. Austin, profiting from a year's experience in fast company, writes to President Farreli that he will show a big improvement and will make Otis Johnson, the burly California player, hustle to beat him out. Austin is one of the fastest men on the team. His fielding last year was all that could be desired, but helwas a trifle weak with the stick. Johnson, on the other hand, is a heavy hitter, but rather ordinary as a third baseman. It is believed Stallings will find it difficult to decide between them.

It is not generally known that the Highlanders could have sold Second Baseman
Earl Gardner to the Detroit club last fall
for \$10,000 cash. While Gardner was playing brilliantly in Jersey City before Detroit
traded Schaefer for Delehanty of Washington Hugh Jennings wanted Gardner
for the above sum. The offer of course
was turned down, as Manager Stallings was
convinced then he had a jewel in the young
player secured from Hartford for a paltry
\$750. The Highlanders have other youngsters purchased for small money who could
be disposed of at high prices—Cree, Engle,
Daniels, Sweeney, Vaughn, Knight, Fisher
and others.

In another week all of the big league clubs will have an army of players at South-ern training camps. More than one hundred, representing the Brooklyns, Pitts burgs and Boston Red Sox, will be at Hot Springs and Boston Red Sox, will be at Hot Springs alone. More than \$200,000 will be spent by the club owners in preparing their teams for the pennant races, which is considered a necessary investment. The Giants, for instance, will have nearly forty men in Texas. They will spend nearly fifty days away from home. The board bill will amount to about \$4,000. The travelling expenses will reach the \$4,000 mark, with \$2,500 for incidentals. The California trip of the Chicago White Sox will cost at least \$30,000, and Owner Comiskey has spent double that sum since last season for new material. But the magnates are not worrying, for they expect a record breaking business this year.

The Queens County Jockey Club, which will inaugurate the local racing season at Aqueduct on April 15, has announced a list of stakes entries for which will close on March 15. The chief event is the popular Carter Handicap of \$2,500 at seven furlongs. The stakes represent an outlay of about \$18,000, which is bound to attract the leading owners. The Metropolitan Jockey Club will offer the Excelsior Handicap of \$3,000, one mile and a sixteenth, for the opening day at Jamaica.

Entries close to-morrow for the stakes to be run at Yonkers in July. The \$6,000 Empire City Handicap, one mile and a furlong, has received the entries of practically all of the horses already named for the Brooklyn, Suburban and Brighton handicaps. The stakes for the Saratoga meeting will be announced this week, including the \$5,000 Saratoga Handicap, at a mile and a quarter.

GERMAN SILVER'S DERBY. Favorite Wins Big Event on Closing Day

JUAREZ, Mexico, Feb. 27 .- The seventyone day meeting of the Jockey Club, Jureaz, closed to-day with the running of the \$1,500 Juarez Derby. This was the first derby record breaking crowd to Terrazas Park to see H. F. Hyman's German Silver, ridden by McCahey, the favorite in the betting at 13 to 10, returned the winner.

Only four horses went to the post. Cerzo was the supposed good thing and was heavily played, closing at \$to 5. The Wolf also received strong support, while C. W. Kennon was practically neglected in the betting at 10 to 1. C. W. Kennon made the early pace, but soon dropped back. The Wolf then took command, with German Silver close up. The Wolf continued to show the way to the stretch turn, when McCabey let German Silver down. Although German Silver was a very tired horse at the end he proved the gamest and won by a length in the slow time of 209 2-5. The Wolf was two lengths before Cerzo.

President Alberto Terrazas said after the meeting closed that he was highly satisfied with the result of the new venture.

SEASON'S FIXTURES OF ROYAL AND ANCIENT CLUB.

The Medal Days and Business Meetings Interest All Players-No Dates Out Yet for National Championships

All the fixtures for the forthcoming season of the Royal and Ancient Golf Club of St. Andrews have been arranged. They concern the golfers of the world, for the transactions at the two business meetings outline what is to be done in the game or any changes of the rules, while as magnets to draw spectators to the old Scotch town the tournaments are potent and fascinating. The first business meeting will be on Tues day, May 3, and the Silver Cross of St. Andrews and the Bombay medal will be competed for on the following day. The Calcutta cup, which is now a handicap, will be played for over the new course on Tuesday, August 2. The Queen Victoria Jubilee vase is assigned to Tuesday, Septem ber 6. The autumn business meeting will be September 2, while the Silver Club, the medal and the gold medal of the club will be in play on September 28. The annual ball of the Royal and Ancient will take place on the evening of Thursday, September 29. The British open championship, a national and not a club affair, will be at St. Andrews on June 21, 22 and 23.

The club has members in every part of Great Britain and the attendants at its sporting and social fixtures represent every golfing centre in the kingdom. The tournament days are venerable and red letter ones, more eminent by far than any held on the famous green with the exception of the national championship. The St. Andrews Club holds a monthly competition, indeed on Saturday it was won by Laurence Ayton with the fine score of 35. 40—75, although he missed puts of four inches and a yard respectively on the sixth and twelfth greens. The young men of the town uphold the St. Andrews Club and often they become professionals. Ayton for instance is to become coach at the Bishop's Stratford Club in England, and Laurence Auchterlonie belonged to it before coming to the United States. There are many clubs using the three courses, but none so prominent as the Royal and Ancient.

The St. Andrews silver cross has been in play since 1836 and was the gift of Col. J. Murray Beishes of Buttergask. The silver medal presented by the Golfing Society of Bombay has been in competition sirce 1846. The King William IV. gold medal was the only prize competed for by the Royal and Ancient members from 1806 to 1836, and since 1837 it has been the second prize at the autumn meeting. The lists of medal winners naturally include the most famous amateur golfers since 1754, the initial year of the Royal and Ancient. The silver clubs since 1837 have been the club's most honored prizes. The new captain is installed each year at the annual dinner and his predecessor hands over the clubs to him. Each retiring captain presents a silver ball to the club which is attached to the silver clubs "until each has become the tendril to a monster bunch of the glistening grapes." The club has members in every part of Great Britain and the attendants at its

Mrs. E. H. Fitter 3d of Philadelphia, who successfully defended her title on Saturday in the women's championship of Florida at Palm Beach, really scored a third victory, as she was also the champion in 1905. Miss Elsie Trowbridge of New Haven and Miss C. Douglas, a Western player, have also been recent title-holders. Mrs. Fowler, who is to return to the Women's M. G. A. tournaments this season, won the Southern Florida championship in 1904, when she was Miss Mabel Higgins. The next big tournament at Palm Beach will be the open championship to-morrow and Wednesday.

The Philadelphia Cricket Club is stiffening up its course by trap hazards for the open championship and also seeking to stretch out the distances. The putting greens of both the second and seventh holes are to be placed forward fifty yards and the third hole will be lengthened fifty yards by changing the tee. The efforts are praiseworthy, but there is not ground enough available to ge; a course of testing distances.

The fifty acres secured for the publishing plant at Garden City are nearer to the Midland than to the Garden City course, but not encroaching by many acres on either links for the present at least.

Karl Keffer, the open golf champion of Canada, has been engaged by the Jekyl Island Club, which has recently laid out a new course on the beautiful grounds at Jekyl Island, Georgia. The League of Connecticut Golf Clubs has these two standing committees for

LESLIE, HARVARD'S STRONG MAN Oarsman Displaces Hamilton Fish in

Strength Tests. CAMBRIDGE, Mass., Feb. 27.—The highest strength test made by a Harvard athlete this year in the qualifying tests taken by this year in the qualifying tests taken by Dr. Dudley A. Sargent is held by F. H. Leslie, '12, now rowing No. 2 in the varsity eight. Leslie made 1,271.5 points by the Sargent system, which is the system in general use in this country. He pulled his weight up fourteen times and pushed up eighteen times.

Erroneous statements have recently credited Hamilton Fish, the football captain of last fall, with the highest test. Fish made 1028.6 points early in the football season and until last week was numbered among the first ten, but recent tests have displaced three of the football players. Of the highest tens even places are held by football players, ranging down from the figure given for Leslie to 1032.6 for a member of the gymnastic team who was examined last week.

The Harvard and intercollegiste record in this test is held by Arthur Tyng, '02, who made 2369.8 points in an intercollegiste competition in 1902, the last of the sort that was held. The tests at Harvard now are merely qualifying tests to determine the fitness of men who are playing on the athletic teams.

From the way Pennsylvania walloped Columbia at gymnastics and Yale beat Pennsylvania it interesting to speculate how many points Columbia would get from Yale.

It is said that Director Bartelme of Michig couldn't get any man from among the East coaches to take Keene Fitzpatrick's place.
